INDEPENDENT AUDITOR'S REPORT

To the Board of Directors The Foundation of the City College of San Francisco San Francisco, California

We have audited the accompanying financial statements of The Foundation of the City College of San Francisco (a California nonprofit corporation) (the "Foundation"), which comprise the statements of financial position as of June 30, 2020 and 2019, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Foundation of the City College of San Francisco as of June 30, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

An independent firm associated with Moore Global Network Limited

Emphasis of Matter

As discussed in Note 12 to the financial statements, on March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. The ultimate financial impact and duration of these events cannot be reasonably estimated at this time. Our opinion is not modified with respect to that matter.

1. ORGANIZATION

The Foundation of the City College of San Francisco (the "Foundation") is a nonprofit organization founded in 1969 for the purpose of providing support to the San Francisco Community College District's (the "District") programs and services. The programs of the Foundation provide administration for scholarships and internships for students, educational equipment for classrooms, new educational programs, and capital improvements throughout the District.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Foundation have been prepared on the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States of America ("GAAP") specific to non-profit organizations. The Foundation reports information regarding its financial position and activities according to the existence or absence of donor-imposed restrictions.

Net assets and changes therein are classified as follows:

- *Net assets without donor restrictions* Net assets available for use in general operations and not subject to donor-imposed restrictions.
- Net assets with donor restrictions Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity. Net assets with donor restrictions also include the portion of donor-restricted endowment funds that are not required to be maintained in perpetuity, but are restricted until such funds are appropriated for expenditure by the Foundation. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Revenue recognition

Contributions are recognized at fair value when the donor/grantor makes an unconditional promise to give to the Foundation. Contributions that are restricted by the donor/grantor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions and grants are reported as increases in net assets with donor restrictions depending on the nature of the restrictions. Expirations of restrictions on net assets (i.e., the donor stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as transfers between the applicable classes of net assets. Investment income (e.g. interest and dividends and realized and unrealized gains) with donor-imposed restrictions. Conditional promises to give are not recognized until they become unconditional; that is when the barrier has been overcome and/or the right of release/ return no longer exists.

Cash and cash equivalents

The Foundation considers all highly liquid investments with original maturity of three months or less to be cash equivalents. Cash on deposit usually exceeds federally insured limits. The Foundation believes that it mitigates this risk by maintaining deposits with major financial institutions.

Promises to give, net

Unconditional promise to give are reported at fair value and recorded in the period pledged or received. Contributions that are promised in one year but are not expected to be collected until after the end of that year are discounted at an appropriate discount rate commensurate with the risks involved and the period of time over which the contributions are expected to be collected.

Receivables are reviewed by management for collectability and an allowance for doubtful accounts is established when needed. The allowance for doubtful accounts is based on historical experience and an evaluation of the outstanding receivables at the end of the year. Account balances are charged off against the allowance for doubtful accounts after all means of collection have been exhausted and the potential for recovery is considered remote. Management believes that all of its accounts are collectible; accordingly, no allowance for doubtful accounts is recorded at June 30, 2020 and 2019.

Property and equipment

Property and equipment in excess of \$1,000 and with an estimated useful life in excess of one year are capitalized at cost; donated assets are capitalized at the fair market value at date of receipt. Depreciation is computed using the straight-line method with estimated useful lives varying between five and ten years. Repairs and maintenance are charged to expense as incurred. Property and equipment at June 30, 2020 and 2019 consisted of computer equipment. Depreciation expense amounted to \$239 for the years ended June 30, 2020 and 2019.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

In-kind services

Contributions of donated non-cash assets are recorded at their fair market values in the period received. Donated services are recognized as contributions if the services (a) create or enhance non-financial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Foundation. No such contributed services were received during the years ended June 30, 2020 and 2019.

Investments

The Foundation carries investments in marketable securities with readily determinable fair values and all investments in debt securities and foreign equity assets are reported at their fair values in the statements of financial position. Marketable securities that are held principally for the purpose of selling them in the near term are classified as trading securities and are carried at fair value, with unrealized gains or losses credited or charged to current earnings. Management determines the appropriate classification of its investments at the time of purchase and reevaluates such determination at each statement of financial position date.

Fair value measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price methodology). The Foundation uses a framework for measuring fair value that includes a hierarchy used to classify inputs used in measuring fair value. The hierarchy prioritizes inputs to valuation techniques used to measure fair value into three levels which are either observable or unobservable. Observable inputs reflect market data obtained from independent sources while unobservable inputs reflect an entity's view of market assumptions in the absence of observable market information.

The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement. The three levels of the fair value hierarchy are defined as follows:

• Level 1 - Fair value is based on unadjusted quoted prices in active markets that are accessible to the Foundation for identical assets or liabilities. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis. These generally provide the most reliable evidence and are used to measure fair value whenever available. The Foundation's Level 1 assets and liabilities include exchange traded equities. Valuations are obtained from readily available pricing sources for market transactions involving identical assets.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair value measurements (continued)

- Level 2 Fair value is based upon significant inputs other than quoted prices in active markets included in Level 1, which are either directly or indirectly observable for substantially the full term of the asset or liability through corroboration with observable market data as of the reporting date. Level 2 inputs include quoted market prices in active markets for similar assets and liabilities, quoted market prices in markets that are not active for identical or similar assets or liabilities, model-derived valuations whose inputs are observable or whose significant value drivers are observable and other observable inputs.
- Level 3 Fair value is based on significant unobservable inputs which reflect the entity's or third party pricing service assumptions about the assumptions market participants would use in pricing an asset or liability. Valuations are estimated based on non-binding broker prices or internally developed valuation models or methodologies, discounted cash flow models and other similar techniques.

Functional allocation of expenses

Expenses are charged to programs and supporting services on the basis of management estimates. Management and general expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the Foundation.

Income tax status

The Foundation is a not-for-profit organization, exempt from federal income tax under Section 501(c)(3) of the United States of America Internal Revenue Code (the "Code"), and contributions to it are tax deductible as prescribed by the Code. The Foundation is also exempt from California income tax under Section 23701d of Revenue and Taxation Code.

The Foundation has been classified as an organization that is not a private foundation under Section 509(a)(1) and has been designated as a "publicly supported" organization under Section 170(b)(1)(A)(vi) of the Code.

The Foundation has evaluated its current tax positions and concluded that as of June 30, 2020 and 2019, the Foundation does not have any uncertain tax positions for which a reserve would be necessary.

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Significant estimates include the estimated value of promises to give, functional allocation of expense, temporarily restricted net assets and fair market value of investments. Accordingly, actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Change in accounting principle

In June 2018, the FASB issued ASU 2018-08, Contributions Received and Contributions Made, which clarifies the criteria for evaluating whether a transaction is a contribution or an exchange transaction and whether a contribution is conditional or unconditional. The Foundation adopted ASU 2018-08 with a date of the initial application of July 1, 2019, using the modified prospective method.

The adoption of ASU 2018-08 did not have a significant impact on the Foundation's financial position, result of operations, or cash flows. The Foundation has evaluated contributions received and contributions made and has determined that there is no change as a result of the adoption of the standard.

Subsequent events

The Foundation has evaluated subsequent events through March 18, 2021, the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Foundation's financial statements.

3. LIQUIDITY AND FUNDS AVAILABLE

As part of the Foundation's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due.

The following is a quantitative disclosure which describes assets available within one year of June 30, 2020 to fund general expenditures and other obligations when they become due:

Financial assets: Cash and cash equivalents Promise to give Investments	\$ 1,628,172 11,761 21,287,958 22,927,891
Less: amounts unavailable for general expenditures within one year: Net assets with donor restrictions	 (21,776,934) (21,776,934) 1,150,957

4. INVESTMENTS

Investments consist of the following:

		2020				2019		
		Cost		Fair Value		Cost		Fair Value
Fixed income Domestic equities Foreign equities Money market fund	\$	5,835,092 7,063,146 5,931,075 <u>11,848</u>	\$	6,252,776 9,145,021 5,878,313 11,848	\$	10,438,456 5,066,914 2,110,406 9,939	\$	10,758,499 7,245,188 2,417,919 9,939
	<u>\$</u>	<u>18,841,161</u>	\$	21,287,958	\$	17,625,715	\$	20,431,545

Investment earnings, net with donor restrictions consist of the following:

	 2020		2019
Interest and dividend income Net realized and unrealized gains Investment management fees	\$ 379,048 354,418 (35,512)	\$	376,606 906,042 (33,728)
	\$ 697,954	<u>\$</u>	1,248,920

Net realized gains for the years ended June 30, 2020 and 2019 amounted to \$713,451 and \$1,866, respectively.

5. FAIR VALUE MEASUREMENTS

The following table sets forth by level, within the fair value hierarchy, the Foundation's assets at fair value as of June 30, 2020:

	Level 1	Level 2	Level 3	Fair Value
Fixed income Domestic equities Foreign equities Money market fund	\$ 6,252,776 9,145,021 5,878,313 11,848	\$ 	\$ 	\$ 6,252,776 9,145,021 5,878,313 <u>11,848</u>
	<u>\$21,287,958</u>	<u>\$</u>	<u>\$</u>	<u>\$ 21,287,958</u>

5. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Foundation's assets at fair value as of June 30, 2019:

	Level 1		Level 2		Level 2 Level 3		Fair Value	
Fixed income	\$ 10,758,499	\$	-	\$	-	\$ 10,758,499		
Domestic equities	7,245,188	*	-	+	-	7,245,188		
Foreign equities	2,417,919		-		-	2,417,919		
Money market fund	9,939		_		_	9,939		
	\$ 20,431,545	\$	-	\$	-	\$ 20,431,545		

6. PROMISES TO GIVE

Promises to give consist of the following:

	2020			2019		
Amounts due in less than one year	<u>\$</u>	11,761	\$	140,508		
	<u>\$</u>	11,761	\$	140,508		

Long-term promises to give are discounted using an interest rate of 3% based on the risks involved and the expected time of receipt.

7. NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions consisted of the following:

		2020		2019
Subject to expenditure for specific purpose and/or time:	¢	4 1 1 0 7 0 4	¢	1 224 279

8. ENDOWMENT

The Foundation's endowment consists of forty-five funds, including donor-restricted funds established for a variety of purposes. Net assets associated with this endowment are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of relevant law

The Foundation's Board of Directors have interpreted the Uniform Prudent Management of Institutional Funds Act ("UPMIFA") as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as with donor restriction (a) the original value of gifts donated to the endowment, (b) the original value of subsequent gifts to the endowment, and (c) accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund is classified as with donor restrictions until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA.

8. ENDOWMENT (continued)

Interpretation of relevant law (continued)

In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the Foundation and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Foundation
- (7) The investment policies of the Foundation

Funds with deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or Board of Directors requires the Foundation to retain as a fund of perpetual duration. There were no such deficiencies as of June 30, 2020 and 2019.

Return objectives and risk parameters

The Foundation has adopted investment and spending policies for endowment assets that attempt to preserve the purchasing power of the Endowment Fund and at the same time provide a regular and growing distribution of funds for the use of the Foundation, consistent with the terms of the Endowment Fund Distribution Policy and the terms governing each of the individual endowment funds. A balanced approach is to be taken between risk, preservation of capital, income and growth.

Strategies employed for achieving objectives

To satisfy its investment policy objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its return objectives within prudent risk constraints.

8. ENDOWMENT (continued)

Spending policy

The Foundation has a policy of appropriating for distribution each year an amount of 4% of a twelve quarter moving average of the fund's market value to the extent that capital gains, dividends and interest are enough to cover that distribution. The Board of Directors may request all, a portion, or none of the appropriation be distributed in accordance with the endowment fund's purpose as defined by the endowment agreement or applicable board resolution. Any portion of the distribution not appropriated by the Board shall be kept in the endowment fund, be governed by the endowment policy, and be available for future distribution in accordance with the distribution policy.

Endowment composition

Endowment net asset composition by type of fund as of June 30, 2020 is as follows:

	Without Donor Restrictions	r	With Donor Restrictions	 Total

Balance, June 30, 2019	<u>\$ </u>	<u>\$ 11,591,700</u>	<u>\$ 11,591,700</u>

9. CONCENTRATIONS

The Foundation has identified its financial instruments which are potentially subject to market risk. These financial instruments consist principally of cash, investments and receivables. Investments are diversified in order to limit market risk exposure. Receivables represent unsecured amounts due from various individuals. Concentration of credit risk is limited due to the large number of accounts comprising the balance.

10. RELATED PARTY TRANSACTIONS

The Foundation disbursed total grants of \$1,640,812 and \$1,821,410 to the District in the years ended June 30, 2020 and 2019, respectively.

The Foundation received \$31,051 and \$35,551 in contributions from board members for the years ended June 30, 2020 and 2019, respectively.

11. COMMITMENTS AND CONTINGENCIES

In the ordinary course of conducting its business, the Foundation may be subjected to loss contingencies arising from general business matters or lawsuits. Management believes that the outcome of such matters, if any, will not have a material impact on the Foundation's financial position or results of future operations.

12. RISK AND UNCERTAINTIES

On March 11, 2020, the World Health Organization characterized a novel strain of coronavirus (COVID-19) as a pandemic. In addition, several states in the U.S., including California, where the Foundation is located, have declared a state of emergency. In response, the U.S. Government enacted the Coronavirus Aid, Relief, and Economic Security (CARES) Act, which includes significant provisions to provide relief and assistance to affected organizations.

COVID-19 could adversely affect the economies and financial markets of many countries, namely the United States, resulting in an economic downturn that could affect Foundation in a variety of ways. The Foundation cannot anticipate all of the ways in which COVID-19 could adversely impact Foundation's operations. Although the Foundation is continuing to monitor and assess the effects of the COVID-19 pandemic on the Foundation's operations, the ultimate impact of the COVID-19 outbreak, the CARES Act and other governmental initiatives is highly uncertain and subject to change.
